Anatomy of the FL

Terms and Conditions for a Buy Setup

- There should be a resistance level.
- This resistance level has to be broken. Thereafter, the price should immediately cross the resistance line going down.
- This leads to a formation of a kink. A kink should have 1 or 2 bearish candlesticks.
- The price must create a higher high thereafter.
- Entry: Place a trade on the kink area.
- The price should approach the kink with a PA.
- Stop loss: The stop loss should be placed below the kink area.
- Target profit: The target profit should be at the higher high.
